

PCNS 100th Anniversary Medal

The Pacific Coast Numismatic Society has announced design and ordering information for their 100th Anniversary Medal. This medal will be engraved and struck by Daniel Carr of the Moonlight Mint in Colorado, and distributed this Fall to subscribers who pre-order by June. The design for this historic medal revisits the PPIE commemorative designs and continues the Society's traditional octagonal logo with a new high-relief die. (Images shown for design info are not actual photos.) Mintage will be limited to prepaid orders received by the Society by June 2015. The octagonal 41mm medal will be struck in silver, with coppers available only as part of the 2-medal set (1 copper + 1 one-ounce silver).

Orders with payment, \$100 per set or \$75 silver only, plus \$6 postage, must reach the Society by June at: PCNS, Box 475656, San Francisco, CA 94147. **Orders now accepted via PayPal. See instructions at <http://pcns.org/orders/index.html>.**

PCNS was founded in 1915, by Farran Zerbe and a group of San Francisco collectors, during the Panama Pacific International Exposition. It was the first numismatic organization established in the western United States. PCNS hosted the American Numismatic Association's 1915 Convention in San Francisco, in conjunction with PPIE events.

1190th meeting of the Pacific Coast Numismatic Society

1:00PM Saturday June 20, 2015

Dan Hipple's Home
Tiburon, California

Invitation details inside.

1189th meeting, May 27, 2015

Michael Wehner presented his talk, *The Folsom Asparagus Gin Company*.

The appearance of an unlisted token for Asparagus Gin raised a question as to whether it was genuine and what exactly it was advertising. The appearance of a second token on eBay sparked the quest to discover its history. The names Asparagus Gin, Folsom Brand, and Rothenberg Co. offered clues.

A number of Rothenbergs were involved in liquor businesses in San Francisco, but one became the Rothenberg Co. in 1901. The company moved to the address on the token in 1910.

In 1901, Norman Folsom was a winemaker at St. George Vineyard in San Francisco. In 1908, he is listed as a rectifier, cutting or infusing distilled spirits to create a new product. Business news reported that 50,000 pounds of asparagus was used in making distilled spirits in the city and a patent is granted to the Folsom Asparagus Gin Co. in 1917 for their process.

Given the onset of Prohibition not long after, the token likely dates to the 1917-1918 period.
